WISCONSIN REGIONAL PRIMATE RESEARCH CENTER (WRPRC)
DARREL FLORENCE, DVM, ASSOCIATE DIRECTOR/RESEARCH VETERINARIAN

Darrel Florence, DVM, appeared before the Board to request an exemption from the requirement that every researcher at the WRPRC who uses ketamine must have an individual SUA. This request is for the use of ketamine only.

MOTION: David Donarski moved, seconded by Yvonne Bellay, to approve a SUA for ketamine for the Wisconsin Regional Primate Research Center, listing Dr. Florence as the primary user, listing the 23 researchers as authorized individuals, and listing the three locations (buildings) where ketamine is to be used. This approval is contingent upon receipt of the proper application and required materials. Motion carried unanimously.

STANDARDS FOR WILDLIFE REHABILITATORS

MOTION: David Donarski moved, seconded by Yvonne Bellay, to adopt the standards for wildlife rehabilitators. Motion carried unanimously.

A copy of the standards will be sent to DNR.

LeeAnn Cooper said she has received calls from individuals who remove nuisance wildlife. The DNR has directed these individuals to destroy all raccoons and opossums instead of relocating these animals. These individuals are not eligible for a SUA, so the animals are often subjected to a less-than-humane death. Dr. Bellay feels strongly that DNR needs to address the issue of the humane treatment and death of captured and removed nuisance wildlife.

DISCUSSION OF DISTRIBUTION/USE OF GBL FOR INDUSTRIAL PURPOSES

The Board wants to receive SUA applications from all eight of the known GBL distributors in Wisconsin, and then ask for all names of their end-users to determine if further SUA's are needed.

DRUG USE TRENDS IN WISCONSIN

Robert Sloey reported on the drug use trends in Wisconsin. Marijuana and cocaine continue to be the biggest problems. Heroin use is up in both the Milwaukee and Madison areas. Twenty-five methamphetamine labs have been seized this year in Wisconsin. Ecstasy use is also increasing, with several deaths among young people being attributed to its use.

ADJOURNMENT

MOTION: David Donarski moved, seconded by Robert Sloey, to adjourn the meeting.
Motion carried unanimously.
